Song Name: Set Me Free, Will Set All Free.

#####

I want my freedom set me free
All illusion finding reality
its time to break out box we live
Time for freedom and reality.

I want to see the light
no matter what it takes
Crawling in the dark

Set me free
Set me free
Set me free
Set me free

I want my freedom set me free
All illusion finding reality
its time to break out box we live
Time for freedom and reality.

I was all alone thinking what to do
We came together to burn things up
We are the future of the nation
Its time for truth

We want to see the light
No matter what it takes
We will Set all FREE...
